# Test Cases – Sprint 1

## Account & Access Management

Citizen Service Center Management Web System

## 1. Scope and Method

This document lists the test cases of Sprint 1. Each case comes from the main flow or an alternative flow of a use case in the Sprint 1 use case specifications (UC-01 – UC-19), and is linked to the automated API test that checks it in backend/apps/<module>/tests/. The actual result and the status are taken from the report of the test run, not written by hand.

- **Run:** 27 October 2026, pytest on PostgreSQL (database created for the run), Django REST Framework APIClient.
- **Result of the run:** 108 automated tests, **108 passed**, 0 failed.
- **Use case test cases:** 95, of which 89 passed, 0 failed, and 6 are interface-only steps (cancelling a confirmation, forgotten-password guidance) that send no request to the server; they are checked with the front end.
- **Cross-cutting test cases:** 21 security, activity-log, API-contract and installation tests that do not belong to a single use case.
- **Flow column:** M = main flow; otherwise the alternative flow of the specification (for example 4a). A row may test a server rule of the use case that the flow implies (scope, roles, invalid transitions).

## 2. Summary by Use Case

| UC | Use Case | Alternative Flows Covered | Cases | Pass | Fail | Front end |
|---|---|---|---|---|---|---|
| UC-01 | Register Citizen Account | 4a, 4b, 4c | 10 | 10 | 0 | 0 |
| UC-02 | Log In | 3a, 4a, 4b, 4c | 7 | 6 | 0 | 1 |
| UC-03 | Reset User Password | 2a, 4a, 4b | 5 | 5 | 0 | 0 |
| UC-04 | Create Department Manager Account | 2a, 4a, 4b | 6 | 6 | 0 | 0 |
| UC-05 | Create Employee Account | 4a, 4b, 4c | 3 | 3 | 0 | 0 |
| UC-06 | Log Out | 2a | 2 | 2 | 0 | 0 |
| UC-07 | Change Password | 4a, 4b | 3 | 3 | 0 | 0 |

| UC | Use Case | Alternative Flows Covered | Cases | Pass | Fail | Front end |
|---|---|---|---|---|---|---|
| UC-08 | Edit Profile | 4a, 4b, 4c | 5 | 5 | 0 | 0 |
| UC-09 | Create Department | 5a, 4a, 4b | 3 | 3 | 0 | 0 |
| UC-10 | Edit Department | 4a, 4b | 4 | 4 | 0 | 0 |
| UC-11 | Suspend and Activate Department | 1a, 3a | 4 | 3 | 0 | 1 |
| UC-12 | Delete or Archive Department | 2a, 2b, 3a, 4a | 7 | 6 | 0 | 1 |
| UC-13 | Remove Manager from Department | 3a, 3b | 4 | 3 | 0 | 1 |
| UC-14 | Browse Departments | 2a | 4 | 4 | 0 | 0 |
| UC-15 | Edit Employee or Manager Data | 4a, 4b, 4c | 6 | 6 | 0 | 0 |
| UC-16 | Deactivate and Activate Account | 1a, 4a, 3a | 6 | 5 | 0 | 1 |
| UC-17 | Transfer Employee or Manager Between Departments | 2a, 3a | 5 | 4 | 0 | 1 |
| UC-18 | Browse Users | 4a | 5 | 5 | 0 | 0 |
| UC-19 | Configure Center Information | 4a | 6 | 6 | 0 | 0 |
| **Total** | | | **95** | **89** | **0** | **6** |

## 3. Test Cases by Use Case

| TC | Flow | Scenario | Input Data | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|---|
| **UC-01: Register Citizen Account** | | | | | | | |
| TC-01 | M | **Register with valid data** | Full name Rana Khoury, national ID 01234567890, rana@mail.sy, 0933111222, password Strong-Pass1 (confirmed), front image PNG, back image JPG | HTTP 201; an active Citizen account with two stored ID images; no session opened; CITIZEN_REGISTERED logged | `RegisterCitizenTests test_registration_creates_an_active_citizen_with_both_images_and_no_session` | As expected | **Pass** |
| TC-02 | 4a | **Incorrectly formatted fields** | Email "bad", phone "123", national ID "12" | HTTP 400 validation_error with an error on email, phone and national_id | `RegisterCitizenTests test_4a_invalid_fields` | As expected | **Pass** |
| TC-03 | 4a | **Passwords do not match** | Confirmation "Other-Pass1" | Error on password_confirmation | `RegisterCitizenTests test_4a_passwords_do_not_match` | As expected | **Pass** |
| TC-04 | 4a | **Weak password** | Password "weakpass" | HTTP 400 with two password errors (no uppercase letter, no digit); no account created | `RegisterCitizenTests test_4a_weak_password` | As expected | **Pass** |
| TC-05 | 4b | **Data linked to an existing account** | Email rana@mail.sy already registered | HTTP 409 account_exists naming the email field | `RegisterCitizenTests test_4b_data_linked_to_an_existing_account` | As expected | **Pass** |
| TC-06 | 4c | **Image with an unaccepted type** | Back image is a GIF file named back.png | HTTP 400 on id_card_back; no account created | `RegisterCitizenTests test_4c_image_with_wrong_content_is_refused` | As expected | **Pass** |
| TC-07 | 4c | **Missing image** | Front image omitted | Error on id_card_front | `RegisterCitizenTests test_4c_missing_image` | As expected | **Pass** |
| TC-08 | 4c | **Image too large** | Size limit lowered to 50 bytes for the test (default 5 MB) | Error on id_card_front | `RegisterCitizenTests test_4c_image_too_large` | As expected | **Pass** |
| TC-09 | M | **Role sent by the client is ignored** | Form submitted with role = SYSTEM_ADMIN | The account is created as Citizen | `RegisterCitizenTests test_role_sent_by_the_client_is_ignored` | As expected | **Pass** |
| TC-10 | M | **Logged-in user tries to register** | Request from a logged-in citizen | HTTP 403 already_authenticated | `RegisterCitizenTests test_logged_in_users_cannot_register` | As expected | **Pass** |
| **UC-02: Log In** | | | | | | | |
| TC-11 | M | **Each role logs in** | One account per role; email typed in upper case; password Strong-Pass1 | HTTP 200 with the role, the department (staff only) and the capabilities | `LoginTests test_each_role_receives_its_role_department_and_capabilities` | As expected | **Pass** |
| TC-12 | M | **Session opens** | c@mail.sy / Strong-Pass1 | The current-user endpoint returns the user; LOGIN_SUCCEEDED logged | `LoginTests test_session_opens_and_me_returns_the_user` | As expected | **Pass** |

| TC | Flow | Scenario | Input Data | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|---|
| TC-13 | 3a | **Forgotten password** | The user chooses "Forgot password" | The interface tells the user to contact the center's management (reset by UC-03) | — | *Not run on the server: the step stays in the interface* | **Front end** |
| TC-14 | 4a | **Wrong password or unknown email** | Wrong-Pass1; nobody@mail.sy | HTTP 401 invalid_credentials, with identical responses for both cases | `LoginTests test_4a_same_generic_message_for_unknown_email_and_wrong_password` | As expected | **Pass** |
| TC-15 | 4b | **Repeated failures lock the account** | Five attempts with Wrong-Pass1, then the correct password | The fifth attempt returns account_locked with more than 14 minutes remaining; the correct password is also refused; ACCOUNT_LOCKED logged; after the lock expires login succeeds and the counter resets | `LoginTests test_4b_fifth_failure_locks_the_account_for_fifteen_minutes` | As expected | **Pass** |
| TC-16 | 4c | **Deactivated account** | Deactivated account with the correct password | HTTP 403 account_disabled | `LoginTests test_4c_deactivated_account` | As expected | **Pass** |
| TC-17 | 4c | **Deactivated account, wrong password** | Deactivated account with Wrong-Pass1 | HTTP 401 invalid_credentials (the account state is not revealed) | `LoginTests test_deactivated_account_with_wrong_password_reveals_nothing` | As expected | **Pass** |
| **UC-03: Reset User Password** | | | | | | | |
| TC-18 | M | **Manager resets an employee's password** | New password Reset-Pass9 (confirmed) | HTTP 200; all the employee's sessions end; the new password logs in | `ResetPasswordTests test_reset_ends_all_sessions_and_the_new_password_works` | As expected | **Pass** |
| TC-19 | 2a | **No matching user within the scope** | Department Manager searches for an employee of another department | Empty list | `BrowseUsersTests test_filters_cannot_widen_the_scope` | As expected | **Pass** |
| TC-20 | 4a | **Weak password** | New password "weak" | weak_password | `ResetPasswordTests test_4a_weak_password` | As expected | **Pass** |
| TC-21 | 4b | **User outside the scope (altered request)** | Department Manager sends the id of a Traffic employee | HTTP 404 not_found; password unchanged; UNAUTHORIZED_ACCESS_ATTEMPT logged | `DepartmentIsolationTests test_every_operation_on_another_department_answers_not_found` | As expected | **Pass** |
| TC-22 | M | **Scope of the System Administrator** | Reset a Department Manager, a citizen and an employee | HTTP 200, 200 and 403 | `ResetPasswordTests test_system_administrator_resets_managers_and_citizens_but_not_employees` | As expected | **Pass** |
| **UC-04: Create Department Manager Account** | | | | | | | |
| TC-23 | M | **Second manager for a department** | Role DEPT_MANAGER, Traffic, New Clerk, clerk@csc.sy, 0944555666, Strong-Pass1 | HTTP 201; Traffic has two managers | `CreateStaffAccountTests test_uc04_admin_creates_a_manager_alongside_the_existing_one` | As expected | **Pass** |
| TC-24 | 2a | **No active department** | All departments suspended | no_active_department | `CreateStaffAccountTests test_uc04_2a_no_active_department` | As expected | **Pass** |
| TC-25 | 4a | **Department missing or not active** | No department_id; then the suspended "Old Office" | Error on department_id; then department_not_active | `CreateStaffAccountTests test_uc04_department_must_be_given_and_active` | As expected | **Pass** |

| TC | Flow | Scenario | Input Data | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|---|
| TC-26 | 4b | **Email used by another manager** | Email of the Traffic manager | email_taken with the existing manager's id (the interface suggests a transfer) | `CreateStaffAccountTests test_uc04_4b_email_of_another_manager_suggests_a_transfer` | As expected | **Pass** |
| TC-27 | M | **Department Manager cannot create a manager** | Department Manager sends role DEPT_MANAGER | HTTP 403 | `CreateStaffAccountTests test_department_manager_cannot_create_a_manager` | As expected | **Pass** |
| TC-28 | M | **Roles the System Administrator cannot create** | Employee account; System Administrator account | HTTP 403; HTTP 400 | `CreateStaffAccountTests test_nobody_creates_employees_from_the_admin_side_or_system_administrators` | As expected | **Pass** |
| **UC-05: Create Employee Account** | | | | | | | |
| TC-29 | M | **Employee joins the manager's department** | New Clerk, clerk@csc.sy, 0944555666, job title Clerk, Strong-Pass1 | HTTP 201; employee in Municipality with job title Clerk; STAFF_ACCOUNT_CREATED logged | `CreateStaffAccountTests test_uc05_employee_joins_the_manager_department` | As expected | **Pass** |
| TC-30 | 4a, 4b | **Weak password; email in use** | Password "weak"; email of an existing employee | weak_password; email_taken | `CreateStaffAccountTests test_uc05_4a_4b_weak_password_and_taken_email` | As expected | **Pass** |
| TC-31 | 4c | **Link to another department (altered request)** | department_id = Traffic | HTTP 403 scope_violation; no account; attempt logged | `CreateStaffAccountTests test_uc05_4c_other_department_is_refused_and_recorded` | As expected | **Pass** |
| **UC-06: Log Out** | | | | | | | |
| TC-32 | M | **Log out** | Logged-in citizen | HTTP 200; session revoked; the current-user endpoint returns 401 | `LogoutTests test_logout_revokes_the_session` | As expected | **Pass** |
| TC-33 | 2a | **Session already ended** | Log out without a session | HTTP 401 | `LogoutTests test_2a_session_already_ended` | As expected | **Pass** |
| **UC-07: Change Password** | | | | | | | |
| TC-34 | M | **Change password with two open sessions** | New password Newer-Pass2, from the laptop session | HTTP 200; the laptop session stays; the phone session ends | `ChangePasswordTests test_other_sessions_end_and_the_current_one_stays` | As expected | **Pass** |
| TC-35 | 4a | **Incorrect current password** | Current password Wrong-Pass1 | incorrect_current_password | `ChangePasswordTests test_4a_incorrect_current_password` | As expected | **Pass** |
| TC-36 | 4b | **Weak or unchanged password** | "weak"; Strong-Pass1 (the current one) | weak_password; password_same_as_current | `ChangePasswordTests test_4b_weak_or_same_as_current` | As expected | **Pass** |
| **UC-08: Edit Profile** | | | | | | | |
| TC-37 | M | **Change the email** | New@Mail.sy | Saved as new@mail.sy; PROFILE_UPDATED logged with old and new values | `EditProfileTests test_email_and_phone_change_is_recorded_before_and_after` | As expected | **Pass** |
| TC-38 | M | **Citizen profile shows the ID images** | Citizen opens the profile | Links to the front and back images through the protected endpoint | `EditProfileTests test_me_lists_the_identity_document_links_of_a_citizen` | As expected | **Pass** |
| TC-39 | 4a | **Incorrect phone format** | Phone "123" | HTTP 400 | `EditProfileTests test_4a_invalid_phone` | As expected | **Pass** |

| TC | Flow | Scenario | Input Data | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|---|
| TC-40 | 4b | **Email of another account** | taken@mail.sy | HTTP 409 email_taken | `EditProfileTests test_4b_email_of_another_account` | As expected | **Pass** |
| TC-41 | 4c | **Fixed fields (altered request)** | full_name "Hacked", role SYSTEM_ADMIN | HTTP 403 immutable_field naming both fields; data unchanged; attempt logged | `EditProfileTests test_4c_fixed_fields_are_refused_on_the_server_and_recorded` | As expected | **Pass** |
| **UC-09: Create Department** | | | | | | | |
| TC-42 | M, 5a | **Create a department and postpone adding a manager** | Name Civil Registry, authority Civil Registry, description Records | HTTP 201; ACTIVE without a manager; DEPARTMENT_CREATED logged | `CreateDepartmentTests test_new_department_is_active_and_without_a_manager` | As expected | **Pass** |
| TC-43 | 4a | **Mandatory fields missing** | Description only | Errors on name and authority | `CreateDepartmentTests test_4a_missing_fields` | As expected | **Pass** |
| TC-44 | 4b | **Name already used** | "TRAFFIC"; "closed office" (archived) | department_name_taken in both cases (case-insensitive, archived included) | `CreateDepartmentTests test_4b_name_taken_ignoring_case_even_by_an_archived_department` | As expected | **Pass** |
| **UC-10: Edit Department** | | | | | | | |
| TC-45 | M | **Rename a department** | Municipality renamed City Council | Saved; managers kept; old and new names logged | `EditDepartmentTests test_edit_keeps_members_and_records_before_and_after` | As expected | **Pass** |
| TC-46 | 4a | **Mandatory fields emptied** | Name "", authority "" | HTTP 400 with errors on name and authority; name unchanged | `EditDepartmentTests test_4a_missing_fields` | As expected | **Pass** |
| TC-47 | 4b | **Name of another department** | "traffic" | department_name_taken | `EditDepartmentTests test_4b_name_of_another_department` | As expected | **Pass** |
| TC-48 | M | **Archived department** | Edit the archived "Closed Office" | department_archived | `EditDepartmentTests test_archived_department_cannot_be_edited` | As expected | **Pass** |
| **UC-11: Suspend and Activate Department** | | | | | | | |
| TC-49 | M, 1a | **Suspend, then reactivate** | SUSPENDED, then ACTIVE | Status changes both times; delete becomes available while suspended; both operations logged | `SuspendActivateTests test_suspend_then_activate` | As expected | **Pass** |
| TC-50 | M | **Employees of a suspended department** | Employee logs in after suspension | HTTP 200 | `SuspendActivateTests test_employees_of_a_suspended_department_can_still_log_in` | As expected | **Pass** |
| TC-51 | M | **Status must change** | ACTIVE sent for an active department | invalid_state_transition | `SuspendActivateTests test_status_must_actually_change` | As expected | **Pass** |
| TC-52 | 3a | **Cancel before confirming** | The administrator closes the confirmation dialog | No request is sent; the department is unchanged | — | *Not run on the server: the step stays in the interface* | **Front end** |
| **UC-12: Delete or Archive Department** | | | | | | | |
| TC-53 | M | **Delete a suspended department without requests** | Confirmation name "Old Registry" | HTTP 200; deleted; its deactivated accounts kept without a department; DEPARTMENT_DELETED logged | `DeleteArchiveTests test_deletion_keeps_deactivated_accounts_without_their_department` | As expected | **Pass** |

| TC | Flow | Scenario | Input Data | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|---|
| TC-54 | M | **Active department** | Delete Municipality | department_not_suspended | `DeleteArchiveTests test_active_department_must_be_suspended_first` | As expected | **Pass** |
| TC-55 | 2a | **Active accounts linked** | An active employee in Old Registry | department_has_active_accounts listing the account | `DeleteArchiveTests test_2a_active_accounts_are_listed` | As expected | **Pass** |
| TC-56 | 2b | **Department linked to requests** | Three requests (simulated until Sprint 2) | Deletion refused with department_has_requests; archiving sets ARCHIVED | `DeleteArchiveTests test_2b_department_with_requests_is_archived_not_deleted` | As expected | **Pass** |
| TC-57 | 2b | **Archive without requests** | Archive Old Registry | department_has_no_requests (it is deleted instead) | `DeleteArchiveTests test_department_without_requests_is_deleted_not_archived` | As expected | **Pass** |
| TC-58 | 3a | **Cancel before confirming** | The administrator closes the confirmation dialog | No request is sent; the department is unchanged | — | *Not run on the server: the step stays in the interface* | **Front end** |
| TC-59 | 4a | **Typed name does not match** | "old registry" | HTTP 400 confirmation_mismatch; the department remains | `DeleteArchiveTests test_4a_typed_name_must_match_exactly` | As expected | **Pass** |
| **UC-13: Remove Manager from Department** | | | | | | | |
| TC-60 | M | **Remove by deactivation** | Mode DEACTIVATE | Manager unlinked and deactivated; session ended; department reported without a manager; MANAGER_REMOVED logged | `RemoveManagerTests test_deactivation_unlinks_the_manager_and_ends_their_access` | As expected | **Pass** |
| TC-61 | 3a | **Transfer to another department** | Mode TRANSFER, target Traffic | HTTP 200; manager in Traffic; ACCOUNT_TRANSFERRED logged | `RemoveManagerTests test_3a_transfer_to_another_department` | As expected | **Pass** |
| TC-62 | M | **Invalid removal** | TRANSFER without a target; an employee's id | HTTP 400; HTTP 404 | `RemoveManagerTests test_transfer_needs_a_target_and_only_managers_can_be_removed` | As expected | **Pass** |
| TC-63 | 3b | **Cancel** | The administrator closes the dialog | No request is sent; the manager is unchanged | — | *Not run on the server: the step stays in the interface* | **Front end** |
| **UC-14: Browse Departments** | | | | | | | |
| TC-64 | M | **List departments** | Municipality, Traffic and an archived department | Municipality and Traffic with managers and counts; the archived one hidden | `BrowseDepartmentsTests test_list_shows_managers_and_counts_and_hides_archived` | As expected | **Pass** |
| TC-65 | 2a | **Filter and no match** | Status ARCHIVED; search "nothing" | Only the archived department; then an empty list | `BrowseDepartmentsTests test_2a_filter_by_status_and_no_match` | As expected | **Pass** |
| TC-66 | M | **Department page** | Open Municipality | Its employees and the actions EDIT, SUSPEND, ADD_MANAGER, REMOVE_MANAGER | `BrowseDepartmentsTests test_department_page_lists_members_and_actions` | As expected | **Pass** |

| TC | Flow | Scenario | Input Data | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|---|
| TC-67 | M | **Other roles** | Department Manager; Employee | permission_denied | `BrowseDepartmentsTests test_only_the_system_administrator_manages_departments` | As expected | **Pass** |
| **UC-15: Edit Employee or Manager Data** | | | | | | | |
| TC-68 | M | **Edit an employee** | Full name Renamed, job title Senior | Saved; STAFF_ACCOUNT_UPDATED logged with the new values | `EditStaffAccountTests test_changes_are_recorded_before_and_after` | As expected | **Pass** |
| TC-69 | 4a | **Incorrectly formatted fields** | Email "bad", phone "123" | HTTP 400 with errors on email and phone | `EditStaffAccountTests test_4a_invalid_fields` | As expected | **Pass** |
| TC-70 | 4b | **Email or phone of another account** | A citizen's email; a Traffic employee's phone | HTTP 409 email_taken; phone_taken | `EditStaffAccountTests test_4b_email_or_phone_of_another_account` | As expected | **Pass** |
| TC-71 | 4c | **Account outside the scope (altered request)** | Department Manager edits a Traffic employee | HTTP 404 not_found; data unchanged; attempt logged | `DepartmentIsolationTests test_every_operation_on_another_department_answers_not_found` | As expected | **Pass** |
| TC-72 | M | **Department cannot be changed here** | department_id = Traffic | immutable_field; department unchanged | `EditStaffAccountTests test_department_cannot_be_changed_here` | As expected | **Pass** |
| TC-73 | M | **Citizens are not edited here** | System Administrator edits a citizen | HTTP 403 | `EditStaffAccountTests test_system_administrator_cannot_edit_citizens` | As expected | **Pass** |
| **UC-16: Deactivate and Activate Account** | | | | | | | |
| TC-74 | M | **Deactivate an employee** | Status DISABLED, reason "Left" | Deactivated; session ended; login returns account_disabled; reason logged | `AccountStatusTests test_deactivated_user_is_logged_out_and_cannot_log_in` | As expected | **Pass** |
| TC-75 | 1a | **Reactivate; invalid transition** | ACTIVE for an active account; DISABLED ("Fraud") then ACTIVE | invalid_state_transition; then HTTP 200 | `AccountStatusTests test_1a_reactivation_and_invalid_transitions` | As expected | **Pass** |
| TC-76 | 4a | **Missing reason; own account** | No reason; the administrator's own account | Error on reason; self_action_forbidden | `AccountStatusTests test_reason_is_required_and_own_account_is_refused` | As expected | **Pass** |
| TC-77 | 4a | **Account outside the scope** | Department Manager deactivates another manager of the same department | HTTP 404 | `DepartmentIsolationTests test_other_managers_of_the_same_department_are_out_of_scope` | As expected | **Pass** |
| TC-78 | M | **Staff without a department** | Activate a manager who has no department | department_required (transfer first) | `AccountStatusTests test_staff_without_department_must_be_transferred_before_activation` | As expected | **Pass** |
| TC-79 | 3a | **Cancel before confirming** | The manager closes the confirmation dialog | No request is sent; the account is unchanged | — | *Not run on the server: the step stays in the interface* | **Front end** |

| TC | Flow | Scenario | Input Data | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|---|
| **UC-17: Transfer Employee or Manager Between Departments** | | | | | | | |
| TC-80 | M | **Transfer an employee** | Municipality employee to Traffic | Employee in Traffic; visible to the new manager only; the log keeps the old department | `TransferTests test_transfer_moves_the_scope_and_keeps_history_with_the_old_department` | As expected | **Pass** |
| TC-81 | M | **Same or suspended target** | Municipality (current); suspended Old Office | HTTP 400; department_not_active | `TransferTests test_same_or_suspended_department_is_refused` | As expected | **Pass** |
| TC-82 | 2a | **No other active department** | Traffic suspended | no_other_active_department | `TransferTests test_2a_no_other_active_department` | As expected | **Pass** |
| TC-83 | M | **Only the System Administrator transfers** | Department Manager transfers an employee | HTTP 403 | `TransferTests test_only_the_system_administrator_transfers` | As expected | **Pass** |
| TC-84 | 3a | **Cancel before confirming** | The administrator closes the confirmation dialog | No request is sent; the account is unchanged | — | *Not run on the server: the step stays in the interface* | **Front end** |
| **UC-18: Browse Users** | | | | | | | |
| TC-85 | M | **Department Manager's view** | Municipality manager opens the list | Only the Municipality employee | `BrowseUsersTests test_department_manager_sees_only_the_employees_of_their_department` | As expected | **Pass** |
| TC-86 | M | **System Administrator's view** | page_size 50; filter department Traffic | 6 accounts in total; the Traffic manager and employee | `BrowseUsersTests test_system_administrator_sees_everyone_with_pagination_and_filters` | As expected | **Pass** |
| TC-87 | M | **Filters cannot widen the scope** | Department Manager filters by Traffic and searches a Traffic email | Empty list | `BrowseUsersTests test_filters_cannot_widen_the_scope` | As expected | **Pass** |
| TC-88 | 4a | **No accounts match** | Search "nobody-matches" | HTTP 200 with an empty list and total 0 | `BrowseUsersTests test_4a_no_accounts_match` | As expected | **Pass** |
| TC-89 | M | **Other roles** | Citizen; Employee | permission_denied | `BrowseUsersTests test_citizens_and_employees_cannot_manage_accounts` | As expected | **Pass** |
| **UC-19: Configure Center Information** | | | | | | | |
| TC-90 | M | **Save the center information** | Jaramana Center, Main Street, 011-5555555, 08:00 – 14:00 | HTTP 200; shown to visitors; CENTER_SETTINGS_UPDATED logged | `CenterSettingsTests test_saved_information_is_shown_to_visitors_and_recorded` | As expected | **Pass** |
| TC-91 | M | **Only changed values are logged** | work_end 15:00, sent twice | Two log entries in total; the second holds only work_end (old and new) | `CenterSettingsTests test_a_change_records_only_the_changed_values` | As expected | **Pass** |
| TC-92 | 4a | **Missing fields; hours reversed** | Name only; work_end 07:00 | Errors on address, contact_phones, work_start, work_end; invalid_working_hours | `CenterSettingsTests test_4a_missing_fields_and_reversed_hours` | As expected | **Pass** |

| TC | Flow | Scenario | Input Data | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|---|
| TC-93 | M | **Other roles** | Department Manager; citizen; anonymous | HTTP 403; 403; 401 | `CenterSettingsTests test_only_the_system_administrator_ configures` | As expected | **Pass** |
| TC-94 | M | **Defaults** | Before the first configuration | Name "Citizen Service Center" | `CenterSettingsTests test_defaults_before_the_first_ configuration` | As expected | **Pass** |
| TC-95 | M | **Single settings row** | Direct insert of a second row | Refused by the database (IntegrityError) | `CenterSettingsTests test_database_keeps_a_single_row` | As expected | **Pass** |

## 4. Cross-Cutting Test Cases

| TC | Area | Scenario | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|
| TC-X01 | NFR-SEC-02 CSRF | **Unsafe request without a CSRF token** | HTTP 403 csrf_failed | `CsrfTests test_unsafe_anonymous_request_without_csrf_token_is_refused` | As expected | **Pass** |
| TC-X02 | NFR-SEC-02 CSRF | **Login with the CSRF token** | HTTP 200; the session cookie is HttpOnly | `CsrfTests test_login_with_csrf_token` | As expected | **Pass** |
| TC-X03 | NFR-SEC-02 CSRF | **Token endpoint** | Returns the CSRF token | `CsrfTests test_token_endpoint_sets_the_cookie` | As expected | **Pass** |
| TC-X04 | NFR-SEC-04 Access | **Anonymous request to a protected endpoint** | HTTP 401 authentication_error | `DepartmentIsolationTests test_anonymous_requests_need_authentication` | As expected | **Pass** |
| TC-X05 | NFR-SEC-05 ID images | **The citizen downloads both sides** | HTTP 200; PNG and JPEG returned with Cache-Control: private, no-store | `IdentityDocumentTests test_citizen_downloads_both_sides` | As expected | **Pass** |
| TC-X06 | NFR-SEC-05 ID images | **The System Administrator downloads** | HTTP 200 | `IdentityDocumentTests test_system_administrator_downloads` | As expected | **Pass** |
| TC-X07 | NFR-SEC-05 ID images | **Another citizen, an employee or a manager (no request linked yet)** | HTTP 404 for each; three attempts logged | `IdentityDocumentTests test_everyone_else_gets_not_found_and_the_attempt_is_recorded` | As expected | **Pass** |
| TC-X08 | NFR-SEC-05 ID images | **Unknown side "middle"; anonymous request** | HTTP 404; HTTP 401 | `IdentityDocumentTests test_unknown_side_and_anonymous_requests` | As expected | **Pass** |
| TC-X09 | NFR-SEC-05 ID images | **Direct URL in the media folder** | HTTP 404 (the folder is not served) | `IdentityDocumentTests test_media_folder_is_not_served` | As expected | **Pass** |
| TC-X10 | NFR-AUD-01 Log | **Log entry content** | Performer, old and new values and IP address kept | `AuditServiceTests test_entry_keeps_actor_values_and_address` | As expected | **Pass** |
| TC-X11 | NFR-AUD-01 Log | **Anonymous event** | Logged without a user | `AuditServiceTests test_anonymous_events_have_no_user` | As expected | **Pass** |
| TC-X12 | NFR-AUD-01 Log | **Change or delete an entry through the model** | Refused | `ImmutabilityTests test_model_refuses_changes_and_deletion` | As expected | **Pass** |
| TC-X13 | NFR-AUD-01 Log | **Bulk change or delete** | Refused | `ImmutabilityTests test_queryset_refuses_bulk_changes` | As expected | **Pass** |
| TC-X14 | NFR-AUD-01 Log | **Raw SQL UPDATE or DELETE** | Refused by the database trigger | `ImmutabilityTests test_database_refuses_raw_update_and_delete` | As expected | **Pass** |
| TC-X15 | NFR-AUD-01 Log | **Admin site, even for the System Administrator** | Read-only | `ImmutabilityTests test_admin_site_is_read_only_even_for_the_system_administrator` | As expected | **Pass** |

| TC | Area | Scenario | Expected Result | Automated Test | Actual Result | Status |
|---|---|---|---|---|---|---|
| TC-X16 | NFR-AUD-01 Log | **TRUNCATE of the log table** | Refused by the database | `TruncateTests test_database_refuses_truncate` | As expected | **Pass** |
| TC-X17 | NFR-INT-01 API | **Exported OpenAPI contract** | Matches the code | `OpenApiContractTests test_exported_contract_is_up_to_date` | As expected | **Pass** |
| TC-X18 | Installation | **Installation seed** | 3 basic departments, the center settings and the administrator, created once (a second run creates nothing) | `SeedCommandTests test_seed_data_creates_the_installation_data_once` | As expected | **Pass** |
| TC-X19 | Installation | **Weak administrator password in the seed** | Refused ("not strong enough") | `SeedCommandTests test_seed_data_refuses_a_weak_administrator_password` | As expected | **Pass** |
| TC-X20 | Installation | **Local demo data** | 3 managers, 6 employees, 2 citizens with 4 ID images | `SeedCommandTests test_seed_local_data_creates_staff_per_department_and_citizens` | As expected | **Pass** |
| TC-X21 | Installation | **Demo data before the installation seed** | Refused (asks for seed_data first) | `SeedCommandTests test_seed_local_data_needs_seed_data_first` | As expected | **Pass** |
